CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Ashely Winfrey on 3/3/2026. Ashley has been involved with child care for 12 years. She continues using her main and basement level of her ranch style home. Ashley has an egress window and step system to serve as a second exit from the basement level.) She has an open back yard for her outside play area. Ashley has no current pets or swimming pools. She has no HHS-approved substitutes or assistants. Ashley just renewed her registration in February of 2026 and is good through 1/31/2028. Ashley had 5 children present during the time of our visit, and has a total of 8 in care at this time.

2. Identify Observed Strengths Of The Program

Ashley describes her strengths as having good communication with both her kids and parents. She likes to offer a good variety of activities to keep the children interested. The children responded well to Ashley during our visit. Ashley describes her curriculum as lots of structured free play. Her basement offers lots of good equipment for large muscle play activities including floor mats, a basketball hoop, and a balance bar. The children were engaged in "table play" when I arrived, playing with a large container of action figures and characters. They have lots of outside time as weather allows. Ashley participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
- Ashley needs to develop an entire file for one of the children in care that was missing. This file should include the items contained in all her other children's files and needs to be in place by 5/29/2026. This will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Ashley was in compliance with a plan consistent with her current operation.

I encourage Ashley to work with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

Ashley has no current infants under 12 months of age in care at this time, but has one starting later this spring. We reviewed safe infant sleeping policies.
