CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Julie Williams is the provider in this childcare development home. Julie has been registered for the past 12 years. Her spouse is her substitute and will assist or cover for Julie when necessary. Julie is currently an IQ4K rated home. In the past she has been Childnet certified.

2. Identify Observed Strengths Of The Program

During the compliance visit, it was a busy time as they were getting ready for lunch. The provider was attentive to the children's needs and kept to routine by having the children line up to wash hands before eating.

The home has a large backyard with ample play space for the kids. The kids like to go outside to play and run around. The heat index is high today, so they were able to get out earlier, but will be doing other activities during the afternoon.

3. Identify The Aspects That Fall Below The Standard

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
110.9 (3) b : Within six months of approval, a Physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, which is repeated at least every three years.

Both Julie and her spouse have expired physicals at this time.
