Findings:

Ronda continues to work on organizing her home, and progress is seen each time a visit is completed. Some visits have been announced but mostly unannounced. It seems Ronda is the only one responsible for completing any household duties although she does not live alone.

The family has a pet, Big Al, and he is need of having a "Pet Health Examination Veterinary Health Certificate" completed and placed in a file.

Day care children, Andy and Sophia, are in need of the Child Intake Information form completed and placed in their individual files.

Suggestions/Recommendations:

Ronda would benefit if she received assistance from the others living in the home. This would also help with Ronda feeling overwhelmed.

Corrective Action Required:

Ronda needs to continue making progress with her organization of the home, inside and out.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 712-216-2291 if you have any questions regarding this letter.

Sincerely,
