1. Basic Overview

Yowali speaks French and English. Yowali initially became a registered childcare provider in December of 2020. She did participate in the quality rating system at that time and was rated level 1. She also participated in the Child net program. Yowali took a break from childcare from December 2024 until October 2025 when she reapplied ang began childcare again. Yowali does not participate in the current IQ4K quality rating system. She does participate in the Food Program. Yowali is open to caring for children of all ages. Yowali provides care on the lower level of her home only. She currently provides care for a family of 4, from 2:30pm - 2:30am. She is open to a variety of shifts for childcare. Yowali does not have any pets. Yowali does not have an approved substitute or assistant.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

Yowali did not have any children present at the time of this visit, so this worker did not have the opportunity to observe her interactions with children.

Yowali described that she has books, blocks and coloring for the children. She also described dancing for large motor skills if they can't get outside.

Yowali had all of her documentation in a binder for easy review of compliance.

3. Identify The Aspects That Fall Below The Standard

110.9 (1) b : Documentation from the Department confirming record checks have been completed and authorizing or limiting the person's involvement with childcare.
Yowali could not locate this documentation.
*Yowali should try to locate this documentation and keep it with her other documentation for verification at future annual visits.

A re-check is not needed at this time. The above corrections should be made within 3 weeks (by 7/6/26) and will be reviewed at the next annual compliance check.

Thank you for your service in providing childcare in your community.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

NA

5. Special Notes/recommendations

Notes:
Yowali shared that she does transport the childcare children. We did discuss the requirements of what is needed in her vehicle.
Yowali shared that she does not ever use a swimming pool but will use a water table or sprinkler for other water play.
We did discuss safe sleep policies.
We did discuss the number of children she is allowed to care for at one time as a Category A provider.

As part of the 2026 Targeted compliance the Emergency Preparedness Plan was thoroughly reviewed. Yowali was in compliance with her EPP.
She was encouraged to review it at least yearly to ensure that no changes need to be made.

Recommendations:
As of 7/1/25 providers are expected to notify all parents in writing that the state does allow parents to submit an exemption for immunizations (either religious or medical) in lieu of the immunization record for each child. We did discuss this and she does already have something to this effect.
