CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Melanie has been providing child care for approximately eight years now and has been registered with the state of Iowa the entire time. Melanie is a category C provider with Kiley serving as her co-provider. Melanie and Kiley accept children aged six weeks through four years of age for first shift care Monday through Friday. They do not provide any weekend care or second or third shift. Melanie stated that they concentrate on building relationships and bonds with their friends. Melanie added that they stress the importance of each child being different and an individual.

2. Identify Observed Strengths Of The Program

Melanie believes her greatest strength in working with children is that she and Kiley work well together. They rely on each other and balance each other out. When one needs a break, they swap responsibilities to allow each other to recharge a bit. They communicate well with families, keeping them informed of any concerns as they arise. Melanie reports that Kiley is really good with infants and has a calm, gentle approach with them. Melanie maintains her paperwork in a very organized fashion, using plastic binders to keep things organized. Melanie's environment is extremely child friendly. The basement is the primarily used space in the home. There is an egress window to exit as needed in emergencies. There are a wide assortment of toys available for all stages of child development. Melanie reports they do sleep some children upstairs for nap time. Melanie has a beautifully fenced in play area outside that contains a wide assortment of Little Tyke toys for children to enjoy.
