CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Cayla has been a registered childcare provider since March 2022. Cayla is a category C2 provider and her husband, Steven, is her co-provider. Cayla's childcare is located on the main level of their home and the lower level, which has a walk-out basement into their fenced back yard. Cayla's childcare hours are 7:00am to 5:00pm, Monday through Friday. Cayla cares for infants and children up to age 5 but will care for school-age siblings on no-school days and summer vacation. Cayla participates in the food program, she uses Playground software and she works with CCR&R.

2. Identify Observed Strengths Of The Program

Cayla said that a strength of her program is that they spend a lot of time outside. Cayla says that they walk to the park and they play in her fenced-in yard any time the weather permits. Cayla's backyard has a large swing set and a "mud area" where the children can dig. Cayla said the "mud area" is where a tree was removed and the kids like to dig at the roots and pretend they are digging dinosaur fossils.

Cayla has her lower level set up for large motor activities if the weather doesn't allow for outside play. Cayla's lower level is set up with a ball pit, a sit and spin, a wooden climbing structure and nugget cushions for climbing and stacking.

Cayla believes that having 2 full-time providers is a strength, they can divide the children up based on ages, for different activities.

3. Identify The Aspects That Fall Below The Standard
