## CHILD CARE ANNUAL EVALUATION

**1. Basic Overview**

Christy has been involved in the child care profession for approximately 33 years. Christy has been a registered provider for almost 19 years. Christy is available for first shift care for families Mondays through Fridays. Christy offers a play based environment that includes regular structure. Christy wants children in her care to feel like they are at home and they are a part of Christy's home and family. Christy thinks of the day care children as her own kids and helps parents raise them. Christy day generally includes center time, calendar, art, science, and physical activities.

**2. Identify Observed Strengths Of The Program**

Christy believes that her greatest strengths in working with children is that she tends to gear the day's activities to the specific children that are present for the day. For example, when there are no babies in care, items like race tracks and other toys with smaller pieces can be enjoyed by the older children in care. Christy is very aware of each child's likes and interests and offers those activities when they are present. Christy maintains her paperwork in a very organized manner and stays on top of needed file updates. Christy's home is safe and welcoming to both children and parents alike. Christy has a nice outdoor space for children to enjoy. Christy is a participant in the CACFP food program for child care providers.

**3. Identify The Aspects That Fall Below The Standard**

Christy is fully compliant at this time.

**4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance**

Nothing further required. Christy is fully compliant.

**5. Special Notes/recommendations**

Targeted compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.
