CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jana has been providing child care for 30 years. Jana accepts infants through school agers for first shift care. Jana provides a family-oriented child care setting that she hopes is like a 'second home' to children. Jana incorporates large and small motor activities regularly into her days. Jana does a lot of 'messy things' with the kids and believes the children have a lot of fun in her care.

2. Identify Observed Strengths Of The Program

Jana continues to be extremely organized in her paperwork as well as the child care environment itself. Jana believes her greatest strength is patience. Jana also always wants to continue learning herself and trying new things. Jana's child development home has numerous activities for children of all ages. This worker regularly observes Jana interacting with the children and participating directly in those activities with them. Jana maintains a structure where the children know what is expected, allowing them to feel safe and confident in their environment.

3. Identify The Aspects That Fall Below The Standard
