	DENIAL of initial application
	SUSPENSION of license
	REVOCATION of license

Licensing Consultant: Debbie Hammer **Date:** 05-03-2023

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

N/A.

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An off-year visit was conducted on 4/26/23. The Director and On-Site Supervisor were present throughout the visit.

All areas of the program were observed. These areas observed consisted of classroom observations and activities, nutritional practices, health and safety practices, playground observation, field trip and transportation practices, and administrative review.

This program is located in the Triad Gymnastics building and started in 2005 when this building was constructed. The owners offer competitive gymnastics training to children of all ages. They had some empty classrooms that were available during the day, and when approached about having a preschool program, they agreed. The program has grown to where they have a preschool program for two year old children, and also offer after school care to school age children and summer programming to school age children as well. The program and Triad has a new owner since September of 2017, Brian Hough, as well as a 10% co-owner, Daniel Miller. Brian, however, is the main owner.

The preschool sessions offered are:
2 year old children:
M-F 9:15 am- 11:15 am, parents can choose their days

3 year old children:
M/W am 9:00 am -11:30 am
T/Th am 9:00 am -11:30 am
T/TH pm 12:00 pm - 2:30 pm

4 year old children:
M/W/F 9:00 am -11:30 am
M/T/Th/F 9:00 am - 1:30 pm

5 year old children:
M-F 11:45 am - 2:45 pm

Many of the school age children participate in the gymnastics training program. Their practices begins at 4:00 pm. At that time, they switch from being under the supervision of the child care program, to the supervision of the gymnastics program. The gymnastics program also offers a lunch bunch program for 3-8 year old children which allows the children to be at Triad for a full day on the days it is offered; M/W/F from 11:30 am to 1:30 pm. The lunch bunch program is under the supervision of the gymnastic program and not the childcare program.

In 2012 they started offering a summer enrichment preschool program that is offered in two sessions that are each for four weeks, for children age two through five. Also during the summer they offer full day child care for school age children from 7:00 am-6:00 pm.

Tracey Lukehart became the director in 2015. She has a degree in Social Work. She had previously been a preschool teacher with Triad, plus had experience working at another child care program. She meets the qualifications to be director. Heidi Etchison became the On-Site Supervisor in May of 2022. Heidi has a Bachelor's degree in Elementary Education and 5 years of experience as a preschool teacher. Heidi meets qualifications for this role.

The center is now using gym space for programming space for two year old children during the day and school age children after school. This area is 756 square feet with a capacity of 21 children. This brings the total program capacity for the center up to 55 from 34. The space was inspected by the fire marshal on 5/2/2018.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

This is a unique program that is located in a gymnastics training building. The children get time every day to play in the gym, and many of the children participate in the gymnastics training program.

The feedback they receive from the schools shows these children are prepared with the required skills for kindergarten.

The local Heartland AEA will refer families to this program as they feel the children would benefit from the curriculum and structure of the program.

There are many long term staff at this center, with two staff at the center since 2009, one since 2011 and once since 2017. The staff care about what they are doing and view this as a career, not just a job. The staff work well together as a team. The staff know the children and families well.

There is good communication with the families. A newsletter is sent to families once a month.

Parent teacher conferences are held once a year with the four and five year old children.

The program has a good reputation in the community and do not have to advertise for enrollment. They are already full for summer enrollment.

The center has cameras in the classrooms and outside of the cubby area.

The director and on-site supervisor work on building staff morale and letting them know they are valued and appreciated. They send out an email regularly to staff highlighting positives for each staff.

The director and on-site supervisor work well together and compliment each other strengths; they are a strong team.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

There were no aspects of operation that fell below the standards noted or observed during the visit.

V. SPECIAL NOTES/RECOMMENDATIONS:

Radon testing is now required every five years if the testing is under 4.0. The last radon test was completed in March of 2022 and all rooms fell below the 4.0 cutoff.

The center does not have outside playground equipment, however has outdoor green space with age appropriate toys for the children as well as shade and a basketball hoop.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
