CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance check with Registered Child Development Home Category C-1 provider Lisa Scott on 9/4/2025. Lisa has been involved in child care for 16 years. She continues care in her basement level only of her 2 story home. Lisa has an egress window and step system as a second exit from the basement. Lisa's basement is devoted to child care only. She has an open back yard for her outside play area. Lisa has no HHS-approved substitutes or assistants. She had 5 children in care during the time of my visit. Lisa has reduced her numbers of kids in care to about 5-6 and currently works only during the school year.

2. Identify Observed Strengths Of The Program

Lisa keeps her numbers low and offers good attention to the children she has in care. She maintains a regular schedule of activities with the children. She currently has a young group of children. Her curriculum includes a good mix of free play and age appropriate activities. Lisa is an IQ4K Level 2 provider indicating her commitment to quality and excellence in her program. Lisa is a very organized provider, and maintains good communication with her parents. She participates in the Food Program to enhance the level of nutrition in her snacks and meals.

Lisa had one infant under the age of 12 months who was awake during the time of our visit. We reviewed safe infant sleeping policies. Lisa uses cribs and sleep sacks for her infants.
