CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Nun Zing currently has no daycare children enrolled in her child development home. Nun Zing is a CDH Category A provider, living in Des Moines. She has been a registered daycare provider since 2024. Nun speaks English and Chinese. Nun lives in a split level house and plans to use the whole house for her daycare operation. Nun can provide care to children of all ages.

2. Identify Observed Strengths Of The Program

Nun Zing was organized for our compliance check. She was able to locate trainings for me. Nun has a large fenced in backyard. Even though Nun currently has no daycare children, she plans to use redirection for discipline. Nun has completed all of the training to be a category A child care provider.

3. Identify The Aspects That Fall Below The Standard

Within six months of becoming registered, children 18 years of age or younger residing in the household must have:Admission physical exam report.Immunization certificate.For school age: Documentation of physical exam completed at time of school enrollment or since that time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Please obtain physicals for all household members, including your own children. Physicals for your own children can be completed on any medical form.

5. Special Notes/recommendations

I encourage you to continue working with Traci from Child Care Resource and Referral for any ongoing compliance or training needs.
Traci: Work Cell: 515-802-8163

You currently do not have any activities for daycare children to play with. Prior to daycare children starting in your program, I would recommend you obtain children activities (children books, colors, toys, arts and crafts)
