CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Tylyn and Katilyn are in the process of becoming a category C 2 provider child development home. Tylyn had previously been registered with her mom, however, now Wanda will just be utilized as an assistant within the child development home. Tylyn and Kaitlyn will provide care to children aged infants through school agers for first shift only. Tylyn's mother resides in the upper level of this home, which is not utilized for child care purposes.

2. Identify Observed Strengths Of The Program

Tylyn believes her greatest strength in working with children is her experience and level of patience. Tylyn added that since Kaitlyn is younger, she relates well to the school agers. Kaitlyn also really enjoys doing crafts with the kids. Tylyn works well with her available resources, specifically Child Care Resource and Referral.

3. Identify The Aspects That Fall Below The Standard

Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.

Tylyn needed a no smoking sign for the exit upstairs (not used for child care). This was posted during the visit.

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.

Tylyn needs physical for Robert within 6 months. Tylyn will send a picture of physical once complete.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Requirements for pre inspection have been met. Will be approving pre inspection.

Tylyn will send Robert's physical to this worker within the next six months.

5. Special Notes/recommendations

I encourage you to continue working with Child Care Resource and Referral for ongoing child care needs.
