Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 03/04/2025. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(1)	**Facility Requirements**
441 IAC 110.8(1)"h"	The home shall have at least one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. Each smoke detector shall be installed according to manufacturer's recommendations. The provider shall test each smoke detector monthly and keep a record of testing for inspection purposes
441 IAC 110.8(2)	**Use of Outdoor Space**
441 IAC 110.8(2) "a"	A safe outdoor play area shall be maintained in good condition throughout the year. The play area shall be fenced off when located on a busy thoroughfare or near a hazard which may be injurious to a child, and shall have both sunshine and shade areas. The play area shall be kept free from litter, rubbish, and flammable materials and shall be free from contamination by drainage or ponding of sewage, household waste, or storm water.
441 IAC 110.9	Files
441 IAC 110.9(1)	**A provider file is maintained and shall contain the following:**
441 IAC 110.9(1)"a"	A physician's examination report for the provider and all members of the provider's household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) "d", 110.9(4) "f", and 110.9(4) "g"

Findings:

1. 110.8(1)h The provider said that she did not realize that she was required to check each smoke detector monthly and document it, she thought she only had to test a few.

2. 110.8(2) The provider's outdoor area is not cleaned up and available for children to play in the yard. The provider said that once the weather warms up, she will clean up the area so it's safe for children to play in.

3. 110.9(1)a Provider File:
-The provider does not have an up to date physical for her husband or son, who are household members.

Suggestions/Recommendations:

A re-check is not needed at this time, corrections need to be made by 4/4/2025 and will be reviewed at the next annual compliance check.

I encourage you to work with Tabitha Copeland from Child Care Resource and Referral with any ongoing compliance or training needs.

Tabitha can be reached at: 563-362-8228

Corrective Action Required:

1. The provider needs to test all smoke detectors in the home one time per month and keep documentation.

2. The provider needs to clean up her yard so that the children have an outdoor area to play in.

3. The provider needs up to date physicals for all household members in the provider file.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-800-4702 or holly.bailey@hhs.iowa.gov if you have any questions regarding this letter.

Sincerely,

Holly Bailey
