Barbara needs to obtain disposable tweezers and a water bottle that are required for her First Aid Kit.

Barbara needs to ensure that Fire and tornado drills are practiced monthly and the provider shall keep documentation evidencing compliance with monthly practice on file for the current year and the previous year.

Barbara needs to ensure that her husband's physical is on the approved HHS form.

Barbara needs to work with the parents to obtain all the required forms for each child's file. This includes written permission for all of the children to attend activities away from the child care home. This worker did provide her a form to use. She also needs to obtain an immunization record for one of the children, initial physicals for two of the children and updated physicals for two of the children in care.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-429-0749 or cweber@dhs.state.ia.us if you have any questions regarding this letter.
