CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Kim has been a registered childcare provider since August 2013. Kim does not have any assistants or substitutes. Kim's childcare hours are 7:00am to 4:30pm Monday through Friday and she accepts children ages 0 to 4 years. Kim's childcare is located on the main level of her home. Kim participates with the food program and she uses the Brightwheel software.

2. Identify Observed Strengths Of The Program

Kim was caring for 7 children at the time of the compliance visit. The children were observed to being free playing with different toys/activities. Kim was observed redirecting the children to different activities and comforting them with hugs and positive words.

Kim says that she doesn't follow a strict schedule and they learn as they go. Kim has a 6-seat stroller, so she is able to take the children on walks in the neighborhood. Kim says that the kids love to play outside, listen to music and dance and play with balls. Kim says the children love to play with blocks, puzzles and she has the infants do "tummy time". Kim says they do a lot of repetition to learn colors, numbers and letters. The children work on other skills like sharing, taking turns and patience. Kim says when the children leave her childcare, they are ready for preschool.

3. Identify The Aspects That Fall Below The Standard

Kim was found to be in full compliance.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

None.

5. Special Notes/recommendations
