Findings:

1. 110.8(1)a The provider's emergency contact information needs to be updated.

-The provider's physical is expired.

Suggestions/Recommendations:

1. The provider needs to update the children's emergency contact information and keep it updated for emergency purposes.

2. The provider needs to have her well water tested to determine if it is suitable for drinking. The provider needs to continue to provide bottled water until the well water is tested and approved.

3. The provider needs to test smoke detectors monthly and keep documentation for inspection purposes.

4. The provider needs to obtain new No Smoking signs and post them at the primary and secondary exits to the home.

5. The provider needs to obtain a current physical (on form 470-5152 Child Care Provider Physical Examination Report) and keep in file.

Corrective Action Required:

A re-check is not needed at this time, corrections need to be made by 12/31/2023 and will be reviewed at the next annual compliance check.
