	PROVISIONAL license from
	DENIAL of initial application
	SUSPENSION of license
	REVOCATION of license

Licensing Consultant: Nate Knepper **Date:** 10-19-2023

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

N/A.

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An off-year visit was conducted on 10/19/23. The director and on-site supervisor were both present throughout this visit.

All areas of the program were observed. These areas observed consisted of classroom observations and activities, ratios, nutritional practices, health and safety practices, playground observation, field trip and transportation practices, and administrative review. The most recent COVID updates were also reviewed.

Kids West Westridge is a school-age program located within the Westridge Elementary School in West Des Moines. Within the building, the center uses the gym and cafeteria (community room). The center also has access to the outdoor playground area. The program was given permission to open under HHS (formerly known as DHS) supervision on 8/22/14. Previous to this date, the center was under the Department of Education's supervision. There is a before and after school component as well as a full-day component during the summer and no school days. Before school hours are 6:30am - 8:55am and after school hours are 3:55pm - 6:00pm (with the exception of early out days). Full day programming is 6:30am - 6:00pm.

The center is overseen by a Board and owned by the West Des Moines School District. Amy Dvorak is the director of this program as well as the seven other Kids West programs. Amy has her BS degree in Elementary Education and has been an employee of Kids West for a number of years. Barb Hansen is the on-site supervisor at this location. Barb has an AA degree as well as past experience working in child care, which includes past experience as a site lead at another Kids West program.

During the visit, children were split up with some in the cafeteria playing in small groups with the different learning stations set out and some children were in the gym playing large motor games. Staff were walking around and engaged with children and their activities.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

There is a secure entrance into the school during programming hours. Parents have to enter a code to gain access.

A nutritionist reviews all meal items.

Staff use walkie-talkies as needed to communicate throughout different areas used by the center.

A staff person sits at a "communication desk" by the main parent board to greet parents and children and to ensure children are signed into/out of the center.

There is a lot of storage space the center has access to.

The playground is very large with a large variety of activities children can choose from.

All eight Kids West programs have the same procedures, handbooks, substitutes, etc. and operate in a similar manner.

The director has quarterly meetings with other directors of before/after school programs in the western suburbs. Kids West on-site supervisors also have weekly meetings with each other. At this site, all-staff meetings are held frequently and either formal or informal.

The program has a good working relationship with other school personnel.

Staff were actively engaged with kids and their activities.

The director and on-site supervisor feel they have a good group of staff working under them. Staff work well together.

Enrollment remains steady.

The center uses the application "Remind App" for further communication with parents.

The Kids West programs now have behavioral interventionalists who work between the eight programs.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

No below standards were identified at this year's visit.

V. SPECIAL NOTES/RECOMMENDATIONS:

The center is exempt from environmental testing as they are located in a school and only serve school-age children.

The center contacts with the school district and take a bus to field trip destinations.

I-Power and IQ4k were previously discussed with the director.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
