Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Kelli Thompson on 3/10/2026. Kelli has been involved with child care for 20 years. She continues using the main floor only of her 2 story home. The home has no basement. Kelli recently moved her bedroom upstairs which allowed for more space on her main floor designated for child care. Kelli uses her front family room for most of the play space. She uses her kitchen for many of the activities, and a couple bedrooms for napping space. There were 6 children present during the time of our visit. She is currently caring for a total of 7 children. Kelli has 3 dogs and 1 cat who all had current vet statements on file. Kelli has fenced-in space in her front yard for an outside play area. She is due to renew her registration effective 7/31/2026.

2. Identify Observed Strengths Of The Program

Kelli is currently working with Julia Green from CCR&R on becoming certified in the IQ4K quality program. She describes her strengths as good communication with the parents and kids. She said she feels like a big kid herself and relates well to her children. Kelli describes her curriculum as lots of free play mixed with traditional games, songs and activities. They have regular outside time as weather permits. Kelli has many years of experience in child care. She participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

110.9(1)b(1): Two hours of approved child abuse and neglect mandatory reporter training.
- Kelli's Mandatory Reporter training expired and needs to be renewed.

110.9 (3) d : Certification in infant and child first-aid that includes mouth-to-mouth resuscitation.If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.
110.9 (3) e : Certification or other documentation that minimum health and safety training as identified in 110.10(1)“a” has been completed within three months or prior to providing substitute care, whichever occurs first.
- Kelli needs to update her file for substitute/assistant Mary to include verification of being current in CPR/First Aid training, and completion of the 12 Essentials training modules.

The above corrections need to be in place by 5/29/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Kelli was in compliance with a plan consistent with her current operation.

I encourage Kelli to continue working with Julia Green from Child Care Resource and Referral with any ongoing compliance or training needs.
Julia can be reached at: (515) 202-1830

Kelli had one infant under 12 months of age in care during the time of our visit who was awake. We reviewed safe infant sleeping policies.

CHILD CARE ANNUAL EVALUATION
