Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 10/11/2023. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

441 IAC 110.8(3) **Medications and Hazardous Materials**

441 IAC 110.8(3)"a" All medicines and poisonous, toxic, or otherwise unsafe materials shall be secured from access by a child

441 IAC 110.9 Files

441 IAC 110.9(1) **A provider file is maintained and shall contain the following:**

441 IAC 110.9(1)"a" A physician's examination report for the provider and all members of the provider's household aged 18 years or older. Acceptable physical examinations shall be documented on Form 470-5152, Child Care Provider Physical Examination Report. All children residing in the household must have medical documentation outlined in 110.9(4) "d", 110.9(4) "f", and 110.9(4) "g"

441 IAC 110.9(1)"b" (1) I-PoWeR records or certificates verifying required training completion:

Prior to registration:

- minimum health and safety training, approved by the Department, in required content areas
- Iowa's Mandatory Child Abuse Reporter Training

Prior to registration: First Aid and Cardiopulmonary resuscitation. Provider shall maintain a valid certificate indicating date of training and expiration date.

During each two year registration period, the provider shall receive a minimum of 24 hours of training from approved content areas. A provider shall not use a specific training or class to meet minimum continuing education requirements more than one time every five years

A provider who submits documentation from a child care resource and referral agency that the provider has completed the Iowa Program for Infant/Toddler Care (IA PITC), ChildNet, or Beyond Business Basics training series may use those hours to fulfill a maximum of two years' training requirements, not including first-aid and mandatory reporter training

Findings:

1. 110.8(3)a Provider had medications in a tub sitting on the table, within reaching access of the children.

2. 110.9(1)a The Provider does not have physicals for her in-laws, who reside in the home, on file.

3. 110.9(1)b The Provider was unable to locate her Mandatory Reporter training certificate during the compliance visit.

Suggestions/Recommendations:

1. The provider needs to keep all medications and other hazardous/toxic materials out of the reach of children. The provider did move the tub of medications to the top of the refrigerator during the compliance visit.

2. The provider needs to have physicals on all household members, on form 470-5152 Child Care Provider Physical Examination Report, in her provider file.

3. The provider needs to locate her Mandatory Reporter training certificate for her file.

Corrective Action Required:

A re-check is not needed at this time, corrections need to be made by 10/25/2023 and will be reviewed at the next annual compliance check.

I encourage you to work with Lorri Hora from Child Care Resource and Referral with any ongoing compliance or training needs.

Lorri can be reached at: 319-321-2725.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at 319-800-4702 or hbailey@dhs.state.ia.us if you have any questions regarding this letter.

Sincerely,

Holly Bailey
