- [ ] Non Registered Child Care Homes accepting CCA

Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

1. Basic Overview

Celia has been providing child care for approximately 8 years now. Celia is available to care for children aged 6 weeks through 12 years of age. Celia is available for first and second shift care. Celia currently resides in a large two story home in Davenport. Celia uses the main level of her home for child care. The upstairs is not used for child care and Celia also does not utilize the basement space for child care. Celia may consider third shift care if the circumstances worked in her schedule. Celia reported she has a play based child development home where there are a lot of activities for children. Celia stated she has a "go with the flow" approach to child care and as a result does not follow a strict schedule. Celia bases the day on the children's interests and what they want to do.

2. Identify Observed Strengths Of The Program

CHILD CARE ANNUAL EVALUATION

Celia believes her greatest strength is her high level of patience. Celia is a participant in the CACFP food program for child care providers. Celia also uses the BrightWheel app which assists her in some record keeping.

3. Identify The Aspects That Fall Below The Standard

All travel vehicles must have a paper copy of emergency parent contact information.
Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.
All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
110.8 (2) a : A safe outdoor play area is maintained in good condition throughout the year.
Is kept free from litter, rubbish, and flammable materials.
110.8 (3) a : All medicines and poisonous, toxic, or otherwise unsafe materials are secured from access by a child.
110.8 (3) b : First-aid supplies are available and easily accessible in the home, outdoor play area, in any vehicle used to transport children, and on field trips.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Celia's transport vehicle was not available to view as her mother had just taken it. Celia needs to send verification of the emergency numbers in the transport vehicle, no smoking sign in vehicle, and first aid kit containing required contents (bottle of water, band aids, tweezers, and disposable gloves).
Celia's three dogs all need updated pet records documented on required HHS form 470-5153, Pet Health Examination Veterinary Health Certificate.
Celia's front porch had lighter fluid and other miscellaneous items on the steps where the children enter the home. Celia needs to remove unsafe items and ensure steps do not pose any safety hazards to children as they pass by.
Celia's back yard has a broken trampoline that needs to be disposed of. There is a second trampoline that needs an additional for the netting per Celia. This part needs to be obtained before the children can use the trampoline.
Celia needs a child lock on cabinet under kitchen sink and bathroom sink.
Celia needs to resume monthly fire/tornado drills and smoke detector testing and maintain written monthly documentation.

Celia needs to send verification of all of the above items to Kathy by 10/12/2026. Items can be emailed to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.
Celia's mother Beverly needs updated physical - current one Celia has is from 8/2021.
Celia's Mandatory Child Abuse Certificate has expired. Celia reported she has updated this, however, she couldn't locate the training during our visit.

5. Special Notes/recommendations

Targeted compliance of Emergency Preparedness Plan completed. Plan remains accurate and up to date.

CHILD CARE ANNUAL EVALUATION

HHS Child Development
Home Compliance Worker: Kathy Huinker Date: 8/26/2026

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area.
