II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An off-year visit was conducted on 1/4/23. The director was present for the entire visit and the on-site supervisor was present for a portion of the visit.

All areas of the program were observed. These areas observed consisted of classroom observations and activities, ratios, nutritional practices, health and safety practices, playground observation, field trip and transportation practices, and administrative review. The most recent COVID updates were also reviewed.

Raccoon River Preschool (formerly known as New Hope Beginnings Preschool) is a program that was given permission to open on 9/8/15. In 8/2022, the program moved and changed their name. The program is located in a building on the Dallas County Fairgrounds in Adel, IA. The program serves children ages three to five years of age using the Creative Learning Curriculum. The preschool prefers that children are fully toilet trained or close to being toilet trained before being enrolled. There are AM and PM classes. The capacity of classroom #1 is 16 children. Capacity of classroom #2 is 14 children. There is a smaller classroom within the second classroom that can have no more than eight children in it at one time.

The preschool is overseen by a Board. The director of this program as of 5/24/18 is Betsi Ausdemore. Betsi has a Bachelor's degree in Child and Family Services. Betsi also has past experience working in child care. The on-site supervisor of this program is Amanda Taborga. Amanda has an AA degree as well as past experience working in child care.

During the visit, children initially sitting down for the day's snack. Children stated they washed their hands prior to sitting down. After the visit, children in both classrooms were observed in a large group story activities being facilitated by the staff members in their classrooms.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

This preschool meets a growing demand in the Adel community. Enrollment has increased again within the past year.

Parent participation is highly encouraged. Special events are scheduled throughout the school-year for parents to attend. There is also a parent advisory board. The director stated they have a good relationship with their families.

The preschool has their own website. The center also has their own Facebook page for more communication with parents.

Lead teachers have degrees.

The preschool has support from the fairgrounds and other businesses there (ISU Extension Office).

There is a secure entrance during preschool hours of operation.

There are good community partnerships with businesses such as the local library, Lion's Club, Fareway, ISU Extension Office, Fairgrounds, 4-H, etc.).

The program added a fenced in playground recently.

The program participates in QRS (changing to IQ4K and working on that currently).

Staff stated they work well together and enjoy working with each other.

Good child/staff interactions were observed.

The program works closely with AEA, CCR&R, and their nurse consultant as needed.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

109.11(3)a: Center shall ensure that: Facility and premises are sanitary, safe, and hazard free. Adequate indoor and outdoor space is provided. The outdoor area shall include safe play equipment and area of shade.
The bolts along the playground fence and bolts on the gates will need to be cut/capped so that no more than two threads are exposed.

V. SPECIAL NOTES/RECOMMENDATIONS:

Radon testing is due within the first year of being opened and then every two years thereafter. The program conducted radon testing, but levels were higher than 4.0. The center is currently working with the landlord and a radon mitigation specialist. Retesting is needed.

The annual furnace inspection is schedule for sometime in January 2023 per the director.

The program will bring in different agencies for presentations to children. The only field trips taken are walking field trips around the Fairgrounds.

I-Power and IQ4K were discussed at the visit.

A monthly playground inspection form was emailed to the director after the visit concluded.
