## CHILD CARE ANNUAL EVALUATION

**1. Basic Overview**

I conducted a compliance visit with Registered Child Development Home Category A provider Angela Conley on 1/7/2026. Angela has been involved in child care for 16 years. She is currently using the main floor only of her 2 story home. Angela had 3 children who were engaged in free play during the time of my visit. She has a total of 6 enrolled, with a couple being part time. Angela has a large, open back yard used as her outside play area. She has one dog, and had a current vet statement on file. Angela has no current HHS-approved substitutes or assistants. She is due for her next registration renewal on 7/31/2027.

**2. Identify Observed Strengths Of The Program**

Angela's main level has a very open floor plan, with lots of space for the children. She keeps her numbers low, allowing for good attention to the children present. Angela describes her primary strength as being very flexible with the parents and children. She describes her curriculum as mostly free play mixed with activities including music, coloring, lots of Bluey activities, and arts/crafts. The children have outside time as weather allows.

**3. Identify The Aspects That Fall Below The Standard**

110.9 (1) a : Within six months of becoming registered, a physical exam report documented on form 470-5152, Child Care Provider Physical Examination Report, for all household members over the age of 18. Physical exams should be repeated every three years.
- Angela's health statement has expired and needs to be renewed. This needs to be completed using the State form she has a copy of, and needs to be renewed every 3 years.

110.9(1)b(1): Two hours of approved child abuse and neglect mandatory reporter training.
- Angela needs to obtain a current certificate for her Mandatory Reporter to have on file.

The above corrections need to be in place by 3/31/2025 and will be reviewed during her next visit. No re-check is required at this time.

**4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance**

N/A

**5. Special Notes/recommendations**

The 2026 targeted compliance of Emergency Preparedness Plan was completed and Angela was in compliance. Her plan was consistent with her current operation.

I encourage Angela to work with Christa Jergens from Child Care Resource and Referral with any ongoing compliance or training needs.
Christa can be reached at: (515) 201-7203

Angela has one child under 12 months of age who was awake during the time of our visit. We reviewed safe infant sleeping policies. Angela has a sleep sack for the child.
