Dear Child Care Provider:

This letter is in regards to the compliance visit at your Registered Child Development Home B conducted on 03/23/2017. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. You are not a participant in the voluntary Quality Rating and Improvement System. The following areas were out of compliance at the time of the visit:

**441 IAC 110.8(1)**      **Facility Requirements**

441 IAC 110.8(1)“n”

Providers shall inform parents of the presence of any pet in the home.

1. Each dog or cat in the household shall undergo an annual health examination by a licensed veterinarian. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. This examination shall verify that the animal's routine immunizations, particularly rabies, are current and that the animal shows no evidence of endoparasites (roundworms, hookworms, whipworms) and ectoparasites (fleas, mites, ticks, lice).
2. Each pet bird in the household shall be purchased from a dealer licensed by the Iowa department of agriculture and land stewardship and shall be examined by a veterinarian to verify that it is free of infectious diseases. Acceptable veterinary examinations shall be documented on Form 470-5153, Veterinary Health Certificate. Children shall not handle pet birds.
3. Aquariums shall be well maintained and installed in a manner that prevents children from accessing the water or pulling over a tank.
4. All animal waste shall be immediately removed from the children's areas and properly disposed of. Children shall not perform any feeding or care of pets or cleanup of pet waste.
5. No animals shall be allowed in the food preparation, food storage, or serving areas during food preparation and serving times

**441 IAC 110.8(4)**      **Emergency Plans**

441 IAC 110.8(4) “b”

The provider must have procedures in place for the following:

1. evacuation to safely leave the facility
2. relocation to a common, safe location after the evacuation
3. shelter-in-place to take immediate shelter where you are when it is unsafe to leave that location due to the emergent issue
4. lock down protocol to protect children and providers from an external situation
5. communication plan and plans for reunification with families
6. continuity of operations plans
7. Procedures to address the needs of individual children, including those with functional or access needs

Findings:

Puppy Bella needs her vet form 470-5153 signed by vet.  
Provider needs to complete Essentials training and develop emergency plans.
