1. Basic Overview

Weptears Nyenpani s a CDH Category B provider, living in Altoona. She has been a registered daycare provider since 2015. Weptears Nyenpan currently has 2 approved sub/assistants. Weptears Nyenpan lives in a 2 story house but only uses the main floor for her child care operation. Her basement has an egress window but Weptears Nyenpan would need permanent steps leading to the window, prior to using this space.

2. Identify Observed Strengths Of The Program

Weptears Nyenpan had one daycare child present during my visit, age 4 years old. Weptears Nyenpan currently works an overnight job, outside the home. She is able to watch daycare children 1st and 2nd shift. Weptears Nyenpan said daycare children can play in the backyard or walk to the neighborhood park. Weptears Nyenpan said daycare children like to play

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. You were unable to locate your CPR card. CCR&R can assist in finding classes if you need help.
2. A floor plan map of the building evacuation routes in case of fire, a safe place indoors in case of tornado, and flood shelter areas.
3. Your sub/assistant needs a file. This file will contain their physical on the state required form, a copy of their CPR training and mandatory reporter training.
4. Fire and tornado drills need practiced monthly. Record of these drills need kept for inspection purposes.
5. Please review all daycare children files to ensure they have the required documentations- emergency contact information, pick up and drop off information, emergency medical consent, current physical and immunization records. Physicals need updated yearly.
