CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Sara resides in her home with her husband, who is also her assistant, and her two children. Sara has been doing childcare for 19 years and has been registered with the state since 2012. Sara's business hours are from 6:30am to 5:30pm Monday through Friday and she accepts children age 12 months to 12 years. Sara provides breakfast, lunch and two snacks.

2. Identify Observed Strengths Of The Program

Sara and her husband were providing care for 11 children at the time of the compliance visit. Several of the children were school aged. Sara and her husband were in the livingroom area with the toddlers and infants, who were playing with some connection type toys. The older, school aged children were in the lower level and were observed to be coloring and playing with beads. Sara has a lot of activities for the children and says that they play kickball and baseball and also do play with a slip and slide.

3. Identify The Aspects That Fall Below The Standard

Sara was found to be in full compliance.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
