CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Amber McCully on 6/25/2026. Amber has been involved in child care for 18 years. She continues using the main floor only of her 2 story home. Her primary space is the open living room and family room. Amber had 2 children present during our visit and is caring for a total of 4 at this time. She has a fenced front yard that she uses as her outside play area. Amber has no HHS-approved substitutes or assistants at this time. She has one dog and had a current vet statement on file. Amber is due to renew her registration effective 10/31/2027.

2. Identify Observed Strengths Of The Program

Amber keeps a pretty low number of children and is able to give them good attention. She describes other strengths as being organized and keeping the kids busy. They participate in field trips and regular visits to the local library. Amber offers no screen time to the children. Her curriculum included traditional activities like coloring, music, and playdough. They have lots of outside time during the summer months. Amber participates in the Food Program to enhance the nutrition of her meals and snacks.

3. Identify The Aspects That Fall Below The Standard

Amber was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Amber was in compliance having a plan consistent with her current operation.

I encourage Amber to work with Katie Cruise from Child Care Resource and Referral with any ongoing compliance or training needs.
Katie can be reached at: (319) 530-5265

Amber has one child under 12 months of age who was not present on the day of my visit. She has a pack-n-play for napping and we reviewed safe infant sleeping policies.
