CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Rojane Francis on 2/2/2026. Rojane has been involved with child care for 38 years. She continues using the main floor only of her 2 story home. Rojane has an open floor plan with connected rooms that are clutter free. She has 2 dogs and 3 cats who had current vet statements on file. Rojane has no current HHS-approved substitutes or assistants. Her home is close to a rarely used train track. She has an entirely fenced in back yard space for her outside play area. Rojane is due to renew her registration in 6/2027.

2. Identify Observed Strengths Of The Program

Rojane describes her strengths as patience, consistency, and her approach to "teaching children in a simple way." She has a curriculum that includes lots of free play mixed with structured activities such as puzzles, coloring, music, and reading. Rojane keeps her numbers under the limits to assure she has the ability to provide good attention to the children. She has some gates available to control her access to different rooms or play spaces. Rojane participates in the Food Program to enhance the nutrition of her snacks and meals.

3. Identify The Aspects That Fall Below The Standard

Rojane was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The targeted compliance for the Emergency Preparedness Plan was conducted. Rojane was in compliance with a plan that was consistent with her current operation.

I encourage Rojane to work with Christa Jergens from Child Care Resource and Referral with any ongoing compliance or training needs.
Christa can be reached at: (515) 201-7203

Rojane had 2 infants under 12 months of age during our visit who were awake. She has pack-n-plays appropriate for napping, and we reviewed safe infant sleeping policies.
