CHILD CARE ANNUAL EVALUATION

1. Basic Overview

An annual compliance visit was completed on 11/3/25 at Jennifer's category B child development home. Jennifer reports that she has been a registered child care provider for 30 years. Jennifer provides care in the basement of her ranch style home. There were a variety of toys needed in order for her to care for the children. She reports that her child care operation is family friendly and she believes in learn through play. She reports they do some academic activities but also has a list of organized activities they do such as music, arts and crafts. She reports that she actively plays with the children and parents are welcome to stop by at any time. She discussed that there is a time every year that the children help plan and cook lunch for the parents. Jennifer reports that she has been gradually downsizing the size of her child care and does not wish to be at her full capacity of 8 full time children with 4 before/after school children.

2. Identify Observed Strengths Of The Program

Jennifer has an extensive amount of experience. She is well organized as evidenced by her files that she was able to easily grab documents that were requested. Jennifer was observed multi tasking, caring for the younger children while the older ones were resting and assisting me in the visit. She was observed redirecting the younger children when there was conflict.

Jennifer is part of the food program and provides healthy meals and snacks.

3. Identify The Aspects That Fall Below The Standard

110.8 : Conditions in the home shall be safe, sanitary, and free from hazards.
Jennifer needs to move cleaners in the laundry room up to the higher shelf.

Within six months of becoming registered, children 18 years of age or younger residing in the household must have:Admission physical exam report immunization certificate. For school age: Documentation of physical exam completed at time of school enrollment or since that time.
Jennifer's husband is in need of a physical in the file.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance
