CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Sharesa has been in the child care field for over 10 years. Sharesa became a registered provider with the state of Iowa in 2022. Sharesa is available to provide child care for all three shifts. Sharesa accepts children of all ages from infant to school age. Sharesa is currently off every other weekend and does not provide care on those weekends. Sharesa is primarily a play-based program, but states she does provide 'readiness' activities for 4 year olds so they are better equipped to start kindergarten.

2. Identify Observed Strengths Of The Program

Sharesa maintains her paperwork in binders and accordion files making it easier to locate needed paperwork for annual compliance visits.
Sharesa believes her greatest strengths are always being available to families and being dependable and reliable. Shares reported that the kids all like coming to her for child care and it feels like a second home to them. Sharesa maintains good communication with her parents and provides vacation notices to families well in advance so alternate care can be secured.

3. Identify The Aspects That Fall Below The Standard

110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) f : For each school-age child, record of a physical exam completed at the time of school enrollment or since.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.

Sharesa needs to have parents update their enrollment forms (sign and date again this year)and ensure all enrolled children have updated physicals and immunization certificates.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Child files will be reviewed again at next year's compliance. Sharesa can send a few to this worker at kathy.huinker@hhs.iowa.gov or text to 563-949-6971 to verify she is working on updating child files.

5. Special Notes/recommendations

Sharesa has goals for her program including additional learning toys and activities for her children and updating and/or replacing items that have been broken or used excessively. Specifically Sharesa may look at new table and chairs for the kids as one of the backs of the chairs is coming apart.
