- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jenny has been providing child care for approximately 27 years. Jenny accepts children aged birth through school age and is available for care Mondays through Fridays from 6:30 a.m.-4:30 p.m. Jenny describes her environment as a structured place for children to learn and grow. Jenny does not allow usage of tablets or other electronics throughout the day. Jenny reports they are on the go a lot and spend as much time outdoors as possible. Jenny is not taking new enrollments at this time as she plans to close her child care in August 2027.

2. Identify Observed Strengths Of The Program

Jenny believes her greatest strength is her ability to relate with both kids and parents alike. Jenny believes she has created leadership skills within herself that assists in maintaining a successful child care environment. Jenny takes pride in her child care being clean and safe. Jenny has remained organized in her paperwork making annual compliance visits easier and quicker. Jenny is clear and consistent with expectations for the children's behaviors and follows through when consequences need to occur. Jenny's environment is safe and offers children many age appropriate opportunities. Jenny's summer programming is a little more relaxed, however, during the school year Jenny does provide education activities for the kids.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector is tested monthly, and a record is kept for inspection purposes.
Nonsmoking signs are posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone number for reporting complaints, and www.iowasmokefreeair.gov.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

Jenny missed a few months of documenting drills and smoke detector testing. Jenny needs to resume monthly documentation.
Jenny needs to put one no smoking sign up.
Jenny needs to ensure all enrolled children have updated enrollment forms, signed and dated by the parents within the last year.

Jenny needs to send verification of the above items to Kathy by 7/31/2026. Items can be email to kathy.huinker@hhs.iowa.gov or texted to 563-949-6971.

5. Special Notes/recommendations

Targeted case compliance of emergency preparedness plan completed. Plan remains accurate and up to date.

Child Care Nurse Consultant Lorna Bimm accompanied this worker on today's visit.
