CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Carol Ealy on 11/25/2025. Carol has been involved in child care for 33 years. She is currently using the main floor only of her ranch style home for her operation. Carol had 4 children in care during the time of our visit. She has no HHS-approved substitutes or assistants. Carol uses her open back yard for an outside play area. She had two dogs who were current on their vet statements.

2. Identify Observed Strengths Of The Program

Carol did a good job in completing the corrections I requested after our visit last year. She describes her curriculum as mostly free play mixed with some activities. She does not hold to any rigid schedule of activities per having many of her children on a part time schedule. She did report having regular weekly outings to the Public Library. The children have regular outside time as weather allows. Carol participates in the Food Program to enhance the nutrition of her meals and snacks.

3. Identify The Aspects That Fall Below The Standard

Provider was in compliance at this time.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

I encourage Carol to work with Casey Shelton from Child Care Resource and Referral with any ongoing compliance or training needs.
Casey can be reached at: (515) 802-8016

Carol has no infants under 12 months of age in care at this time. We reviewed safe infant sleeping policies for future reference.
