CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Sabrina Canada has been a registered Child Development Home Provider since August of 2012. Currently she is a category "C1" Child Development Home Provider. This category allows her to have 8 preschool or school aged children in her care at one time. Sabrina does not accept infants into to her program at this time. Sabrina does not provide transportation at this time for families in her care. There are no pets in the Child Development Home. Currently Sabrina has 2 school aged children on her roster. Sabrina has one assistant, Deiara, in her program. Deiara is her daughter.

2. Identify Observed Strengths Of The Program

Sabrina has earned the level 3 IQ4K status in the past year. Sabrina has years of experience with children. Sabrina's physical space on the main floor of the home is dedicated to child development. She has a plethora of children's furniture, books, toys, educational posters, and media available to the children in her care. These items encourage exploration and development of gross/fine motor skills. Sabrina has a large area in the backyard for the children in her care to play outside when weather allows. Sabrian has completed Safe Sleep training, should she have an infant 12 months or younger in her care she would implement the policy. Sabrian uses processing emotions and feelings, redirection, Tucker the Turtle emotional support, and redirection as her behavioral interventions. She will use Time Out if necessary. Sabrian participates with the Food Program, children in her care receive regular meals and snacks when in her care. Sabrina's required paperwork is complete, organized, and easily accessible. Sabrina frequently communicates with her Child Care Resource and Referral Worker for support and guidance.
