- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Ashley has been providing child care for approximately 11 years now. Ashley provides care to children aged birth through school aged. Ashley is available for care Mondays through Fridays for first shift families. Ashley does not use a structured curriculum, but rather has a play based environment. Ashley takes the children outside whenever possible for active large motor play. Ashley also focuses attention on sensory activities with the children in her care.

2. Identify Observed Strengths Of The Program

Ashley believes her greatest strength in working with children is her level of patience. Ashley also reports that she just generally has a good attitude and this helps maintain a positive environment for children. Ashley has a very welcoming environment, including a small plastic indoor slide, a circus tent and 'snack stand'. Ashley states that she often switches themes and this summer will include a new theme for children to explore. Ashley maintains her paperwork in an organized fashion making it easy to find needed compliance items annually.

3. Identify The Aspects That Fall Below The Standard

110.9(4) : An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

In a review of child files, three of the files needed updated enrollment forms (signed and dated within the last year) and updated physicals and immunization certificates.

Ashley will work on updating all child files. Child files do not need to be sent and will be reviewed at next year's compliance visit.

5. Special Notes/recommendations

Targeted case compliance of Emergency Preparedness Plan completed. Plan remains up to date and accurate - no changes were needed.

HHS Child Development
Home Compliance Worker: Kathy Huinker Date: 4/7/2026

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.
