CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Amanda Tracy is a CDH Category B provider, living in Des Moines. She has been a registered daycare provider since 2011. Amanda has one approved sub/assistant. Amanda lives in a 2 story house but only uses the main floor for her child care operation.

2. Identify Observed Strengths Of The Program

Amanda Tracy was organized for our compliance check and able to locate her trainings for me. When I arrived for my compliance check, Amanda and her approved sub/assistant were in the backyard playing with daycare children. Seven children were present, ages 7 months to 3 years old. Amanda no longer provides care on the weekends. We reviewed safe sleep regulations. Amanda has pack and plays for infants. Amanda uses timeout for discipline. Amanda said the children like to play outside, color, play with bubbles, do matching games and play with playdough. Amanda provides breakfast, lunch and 2 snacks.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
Fire and tornado drills are practiced monthly and documentation kept on file for the current year and previous year.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) f : For each school-age child, record of a physical exam completed at the time of school enrollment or since.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Please obtain a vet statement for your new puppy, once old enough. This needs to be completed on the state required form and updated yearly.
2. Please review all childcare files. Make sure they have updated physicals. Physicals need completed yearly.

5. Special Notes/recommendations

I encourage you to continue working with Traci from Child Care Resource and Referral for any ongoing compliance or training needs.
