This worker encourages all centers to work with Child Care Resource and Referral Consultant and their Child Care Nurse Consultant.

Care Resource & Referral (CCR&R) Agencies play a vital role in supporting the quality of child care across Iowa by offering both on-site and virtual consultation services to licensed preschools, Child Care Centers, nonregistered Child Care Home providers and registered Child Development Home (CDH) providers. CCR&R agencies assist providers in complying with state regulations by offering expert consultation, training, and professional development opportunities to enhance the quality of care they provide. A key focus is supporting providers in achieving high performance within the Iowa Quality for Kids (IQ4K®) system https://hhs.iowa.gov/programs/programs-and-services/child-care/iq4k, which aims to improve child care quality across the state. In addition to supporting providers, CCR&R agencies also offer parent referral services and consumer education, helping families navigate the child care system and find quality care options.

Child Care Nurse Consultants (CCNCs) are registered nurses who have early childhood training and are experts in child health, child care, and child safety. CCNC services are available statewide and are part of the Healthy Child Care Iowa program. ECE providers may call or email questions to their local CCNC about health and safety policies, health records, health resources, and specific child health or safety concerns. To contact your local CCNC go to https://hhs.iowa.gov/programs/programs-and-services/child-care/hcci and click on the “CCNC Local Services Map”.
