Findings:

Per our 6/7/2023 spot check visit, the following corrections need to be made as described in the policy sections above:

1. You need to install a child safety lock on your lower kitchen cabinet in the child care room, or need to move your chemicals out of reach of children.

2. You need to update your children's files as a couple of them were missing the Emergency Medical Treatment Authorization form, or the annual physical.

Suggestions/Recommendations:

I encourage you to work with Retta Mitchell from Child Care Resource and Referral with any ongoing compliance or training needs.
Retta can be reached at: (319) 267-2644

Corrective Action Required:

The above corrections need to be in place by 8/8/2023. No re-check is planned at your home. I will review the corrections during our next visit.

Non-compliance with any of the mandated requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations.

Please do not hesitate to contact me at DHS at (515) 291-0008 if you have any questions regarding this letter.
