CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Robin is applying to be a category A child development home. Robin plans for her childcare hours to be 7:30am to 5:30pm, Monday through Friday. Robin plans to accept children of all ages. Robin will have her childcare area in the lower level of her home. At this time, the home does not have permanent steps outside, Robin understands that to move to a category B she will need to have an additional exit from the lower level. Robin does not currently have an assistant or a substitute but thinks she may consider that in the future.

2. Identify Observed Strengths Of The Program

Robin says that she has 20 years of childcare experience. Robin has five of her own children, who are all adults. Robin is also an LPN so she has nursing experience.
Robin is involved with CCR&R and is considering participation in the food program.
During the compliance visit, safe sleep was observed for an infant under the age of 1. The older children were watching Ms. Rachel and playing with magnetiles. Robin has different sections gated off in the childcare area so different ages can be separated for safe play. Robin made the children heart-shaped eggs for breakfast in celebration of upcoming Valentine's Day.
