CHILD CARE COMPLIANT

Rule Basis and Findings of Complaint(s):

Code of Iowa, Chapter 237A

441 Iowa Administrative Code, Chapter 110

441 IAC 110.7(1) The provider meets the following requirements: a. Gives careful supervision at all times. b. Frequently exchanges information with the parent of each child to enhance the quality of care. c. Gives consistent, dependable care. Is capable of handling emergencies. d. Is present at all times, except if emergencies occur or an absence is planned. If absence is planned, care is provided by HHS-approved substitute. If absence is planned, the parents are given at least 24 hours prior notice.

441 IAC 110.8 Conditions in the home shall be safe, sanitary and free from hazards.

441 IAC 110.11(a) The department shall conduct Iowa criminal history record and child abuse record checks for each registrant, substitute or staff member, anyone living in the home who is 14 years of age or older, and anyone having access to a child when the child is alone. The department shall conduct national criminal history record checks, based on fingerprints, for each registrant, substitute or staff member, anyone living in the home who is 18 years of age or older, and anyone 18 years of age or older having access to a child when the child is alone.

441 IAC 110.6 No more children are in care than the number authorized on the registration certificate.

On 6/1/2026, this worker met with Erickah Jensen at her child development home. HHS worker Rodney Blue accompanied this worker. HHS workers Huinker and Blue discussed the concerns that were reported to HHS. Erickah reported she was closed today. Erickah denied that her ex resides in the home, stating that the police did come to her home for a welfare check recently on a different individual. Erickah reported that the only HHS approved assistant is her 14 year old son Johntavien. Erickah signed a safety plan on 6/1/2026 that included the following: Erickah will not have illegal substances in the home. Erickah will not allow unapproved persons in her home during child care hours and/or when child care children are present. Erickah will contact CCA Unit at 866-448-4605 to initiate process of approving individuals. HHS may provide random unannounced visits to ensure plan is being followed. Failure to follow safety plan will result in revocation of registration and termination of provider agreement.

On 7/1/2026, this worker completed a random safety visit to Erickah's home. Erickah was present with day care children. Erickah was within numbers on this date. Erickah was preparing a birthday breakfast for one of the children in her care. There were no unapproved individuals in the home on this date. On 7/14/2026 this worker again visited Erickah at her child development home to discuss the recent concerns reported to HHS involving her leaving children unattended the previous day (7/13/2026) while she was at a court hearing. Erickah denied this stating that three of her own children were present (aged 19, 14, and 4). Erickah reported her 8 year old child arrived home later that day. Erickah reported that during the hearing she did state that she runs a day care and was expecting children to be dropped off later that morning. Erickah reported that since she was arrested the evening of 7/12/2026, she was unable to contact parents to let them know not to drop their children off for care the next morning. Erickah reported that her 19 year old knew to tell the parents that they couldn't leave their children and that Erickah would be in touch with them to discuss everything. Erickah had 8 day care children present on 7/14/2026 and her own school age children. Erickah's approved assistant Johntavien was also present. This worker discussed with Erickah the need to keep this worker apprised of court decisions and if a conviction were to occur, Erickah needs to timely report that to CCA Unit. Erickah expressed her understanding of this. On 7/20/2026, CCA billing representative contacted this worker to report that Erickah did not bill for any children on 7/13/2026.

On 7/17/2026 HHS Huinker staffed this case with Supervisor Aunspach. Due to additional collaborative information that has been received from law enforcement in this matter, it was determined HHS would be seeking revocation of Erickah's child development registration. The ongoing criminal activity in this matter creates safety concerns for children being cared for in Erickah's home. Erickah's registration is being revoked. Additional concerns leading to the revocation decision include marijuana/THC vapes not being locked up within the child development home, admitting to caring for more than her allowed capacity (up to 15 children at one time), and being unsure if firearms were located in her child development home. A revocation NOD was issued for Erickah with an effective date of 8/2/2026. This worker contacted Erickah via telephone on 7/20/2026 and informed her of the revocation notice that has been issued. Discussed with Erickah that if she chooses to appeal the revocation, she would be allowed to remain open under appeal, however, any CCA monies received during the appeal time, would be subject to recoupment by the Department of Health and Human Services. Erickah expressed her understanding of this.
