CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Michelle McGee is a CDH Category B provider, living in Des Moines. She has been a registered daycare provider since 2018. Michelle McGee lives in a 2 story duplex but only uses the main floor area for her child care operation. Michelle provides care from 6:30am to 4:40pm.

2. Identify Observed Strengths Of The Program

Michelle McGee was organized for our compliance check. At the time of my compliance visit Michelle had 3 daycare children present, ages 2 1/2 years old to 5 years old. Michelle said daycare children like to color, play outside, do learning activities and free play. Michelle uses time out for discipline. Michelle participates in the food program. We reviewed all safe sleep regulations. Michelle does not have any infants but does have pack and plays if she had an infant in care. Michelle has a fenced in backyard area. She does have a trampoline in the backyard but states daycare children do not use it.

3. Identify The Aspects That Fall Below The Standard

The date of the exam is not more than 12 months before the child's first day of attendance.
For school-aged children: On the first day of attendance, a statement of health status signed by the parent or legal guardian or admission physical examination that is not more than 12 months from the child's first day.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of statement of health or admission physical.
110.9 (4) f : For each school-age child, record of a physical exam completed at the time of school enrollment or since.
