1. Basic Overview

Provider Teena Hash recently relocated her childcare business. This visit was to approve the new location. Teena has been involved with childcare for 25 years. Her former co-provider Nancy, is now a substitute/assistant for Teena, has around 20 years experience in childcare. Now that Teena is settled in her new location, she is considering doing the IQ4K program.

2. Identify Observed Strengths Of The Program

The home has a large room filled with toys for children of different ages. The children were all playing while compliance staff walked through the home.

There is an area in the back for the children to play outside, there is also a sidewalk in the front of the home if they would want to ride toys.
