	REVOCATION of license

Licensing Consultant: Heidi Hungate **Date:** 06-24-2024

I. IF CURRENT LICENSE IS PROVISIONAL, IDENTIFY THE CORRECTIVE ACTIONS

N/A

II. IDENTIFY THE AREAS OBSERVED ON THE VISIT:

An unannounced off year visit took place at this center on 6/11/24. The center is owned and operated by Hand In Hand. Hand In Hand is an existing center that opened up this second location to serve school age children only. The center director for this site is Brenda Kroeger. Brenda was present along with other staff. It is noted that Kayla Hartz, center director for the main Hand In Hand site at the time of this visit, was also present. This center is a non-profit center governed by a board of directors. Angie Kendall is the CEO for the board. This center operates out of several rooms located within the Edwards United Church of Christ. This is a contract arrangement between the center and Hand In Hand. The program has currently operated during summer breaks only.

The center utilizes the following program space: Youth room (room 6, quiet, sensory type activities), touchstones room (room 7, art activities), children's chapel room (room 3, play room), Baxter Hall (fellowship area, used for all meals and snacks and indoor large motor activities), and game room (room 8, previously not included in license capacity but now included, approved for maximum of eight children). Program rooms were observed to be clean and organized and generally well supplied with accessible materials to support program needs. Books were displayed nicely for the children as well. All children have to travel to use nearby hallway restroom areas for all toilet and diapering activities and including for most hand washing activities, with the exception of the touchstones room which does include a hand washing sink within the room. Hallway restroom areas nearest to Baxter Hall are used for all hand washing prior to food service activities. All program space was observed.

The center does participate in the CACFP. The center serves a morning snack, lunch, and afternoon snack. Snacks are provided by the center, and children bring their own lunches from home. The center utilizes designated space in the church kitchen. The kitchen area is large and nicely designed with commercial dish washing facilities and a separated hand washing sink.

III. IDENTIFY THE OBSERVED STRENGTHS OF THE CENTER:

The center continues to be nicely organized and supplied. The building is clean and well maintained. Furnishings and materials are well maintained. The center reports an excellent relationship with the church. The center is highly staffed and staff were once again observed to be highly engaged with the children in activities in all program areas. The center has had new carpet installed in the hallways and new flooring again in two of the program rooms. One of the rooms has been repainted and additional furnishings have been purchased and added to some of the rooms. Licensing documentation was organized.

IV. IDENTIFY THE ASPECTS OF OPERATION THAT FALL BELOW THE STANDARDS REVIEWED:

STAFF FILES:
109.9(1)d: All files contain a pre-employment physical exam report completed within six months prior to hire and at least every three years. Physical exams shall be documented on form 470-5152, Child Care Provider Physical Examination

Report.
1. _2_ staff files reviewed did not have the staff physical as required.

V. SPECIAL NOTES/RECOMMENDATIONS:

Fire inspection received 7/11/24, report can be completed.

1. Ensure restroom area spray bottles are labeled clearly for use in this location only.
2. Cell phone the center uses needs the proper phone posting label (center name/address/phone number and phone numbers for police/fire/poison control).
3. Emergency plan posting with all required elements is needed at the center's main exit door as well as all doors in the Baxter Hall room.

The center will continue with a full license. The center is directed to correct the items cited and the items noted above in this section of the report and to submit a written summary to the licensing consultant as to how and when those corrections are/will be completed. The written summary shall be submitted within 30 days of receipt of this evaluation. Thank you.

*Note: If you are the Child Care Center Director and you feel something is unclear or unjustly cited, please contact your DHS Licensing Consultant to discuss the issue. The child care director may also send a response which will be placed in the licensing file.

*Note: If you are a member of the general public, there may be additional information contained in the public file. You may contact the DHS Licensing Consultant to inquire.
