CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jolie Danyiwo has been a registered Child Home Development Provider since September of 2009. Currently she is a category "B" CDH Provider. This category allows her to have 8 preschool children and 4 school aged children at one time for 2 hours. After 2 hours Jolie would need to have an HHS approved assistant present. Jolie does not transport at this time. There are 2 pet dogs in the home. Jolie renewed her registration in September of 2025.

2. Identify Observed Strengths Of The Program

Jolie is current with her required trainings reviewed by the Registration Unit. She has completed Safe Sleep training and would implement the practice if she has and infant younger than 12 months. Jolie has multiple cribs to accommodate infants. Jolie participates with the Food Program and children in her care receive regular meals and snacks as appropriate. There is a nearby park with playground equipment which can be accessed when weather permits. Jolie uses proximity, separation, privileges, and redirection as her interventions for behavioral concerns. Corporal punishment is not used in the Child Development Home. Jolie is updating her child files and has appropriate paperwork templates to gather required information for each child's file. Jole does a great job of reaching out to professional supports to benefit her providing care to the families she cares for.

3. Identify The Aspects That Fall Below The Standard

All dogs and cats have annual examinations. Records of the exams are on file and must verify that routine immunizations are current and animal is free of endo and ecto parasites.
Form 470-5153, Pet Health Examination Veterinary Health Certificate, is on file.
