CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Teta Dawolo has been a registered provider since October of 2022. Teta is currently a category "A" Child Development Home Provider. This allows her to have 6 preschool children plus an additional 2 school age children in care at one time for a total of 8 children in care. Teta provides transpiration for families in her care; Teta has a valid DL. Teta does not have a substitute/assistant for her program. There are no pets in the home. Teta's availability for care is 7 days a week 24 hours a day.

2. Identify Observed Strengths Of The Program

Teta has completed her required trainings as reviewed by the Registration Unit. Teta's availability for care allows her to care for families who have non-traditional scheduling needs. Teta's care areas in the home are clean and appropriate for childcare. Teta has children's furniture, toys, books, and equipment for the children to engage with when in her care. There is an outside space for the children to access when the weather allows. Teta has completed Safe Sleep training and implements the practice when she has children 12 months or younger in her care. Teta uses redirection and Time Out for her primary behavioral interventions. Corporal punishment is not practiced in the Child Development Home. Children in Teta's care receive regular meals and snacks as appropriate. Teta does not currently have children enrolled, hence no child files. Teta's provider file is organized and easily accessible.
