Kim Keller is opening a new category A childcare development home. Her working background is in nursing, especially pediatric care. The childcare will mainly be on the lower level of the home that has a walk-out door. She will also have time on the main floor for activities and eating. The provider discussed her general plans for the childcare and how they would spend their time. We discussed emergency preparedness planning, safe sleep and general paperwork needs. There is a spacious back yard with some toys outside for use. The provider also has totes of toys in the home that will also be used for outside play.
