CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Elizabeth Rozendaal has been a registered childcare provider since May of 2008. Elizabeth is currently a category "B" Child Development Home Provider. This allows her to have 8 preschool children with an additional 4 school aged children at one time for a total of 12 children in care for up to 2 hours. If there are more than 8 children in care for over 2 hours a DHHS approved assistant needs to be present. Elizabeth's husband is a DHHS approved assistant for the program. There is one pet dog in the Child Development Home. Elizabeth does not provide transportation for families in her care. Elizabeth is available for care Monday through Friday from 6am to 5:30pm.

2. Identify Observed Strengths Of The Program

The home has dedicated spaces which are furnished with children's furniture, toys, books, and cribs. There are toys and objects which encourage children to develop large and small motor skills. The providers follow a structured routine which children can predict their environment and activities. The children have group activities, free-play, and access to media depending on the age of the children in care. There is a large, fenced backyard. The backyard is furnished with playground equipment encouraging large and small motor skill development. Elizabeth has completed her required trainings as reviewed by the Registration Unit. Elizabeth has completed Safe Sleep training; this worker reviewed the policy with her and gave her an informational flyer. Elizabeth will implement the practice when she has children 12 months or younger in her care. Elizabeth uses separation and redirection as her primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in Elizabeth's care will receive regular meals and snacks as appropriate. Elizabeth participates with the Food Program. Elizabeth's provider file and individual child files are complete, organized, and easily accessible.
