CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category C-2 providers Victoria and Keith Benhart on 7/14/2026. Victoria has been involved in child care for 23 years. The couple continues to use the main floor only of their 2 story home. The primary space includes an open living room/dining room/kitchen. They had 6 children in care during the time of our visit and currently care for a total of 12 children at this time. Victoria and Keith follow the 8 or less children present if one of them is away from the home. They have no HHS-approved substitutes or assistants at this time. Victoria and Keith use their fenced back yard or a local park as their outside play area. They have 2 dogs, both with current vet statements on file. Victoria and Keith are due to renew their registration effective 9/30/2027.

2. Identify Observed Strengths Of The Program

The couple has good experience in child care. Victoria describes their strengths as consistency and keeping the a good routine for the children. They have done a good job in maintaining their compliance items and files over the past year. Victoria describes their curriculum as being based on a good routine and schedule so the kids know what is coming up during their day. They have lots of free play mixed with activities that are based on ages and abilities. These include coloring, dancing, arts/crafts, and regular outside time. Victoria and Keith participate in the Food Program to enhance the nutrition of their meals and snacks.

3. Identify The Aspects That Fall Below The Standard

Victoria and Keith were in compliance during the time of our visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Victoria and Keith were in compliance having a plan consistent with her current operation.

I encourage Victoria and Keith to work with Kathy Lloyd from Child Care Resource and Referral with any ongoing compliance or training needs.
Kathy can be reached at: (319) 231-9405

I observed a good example of safe sleep for an infant under 12 months of age during my visit. We reviewed safe infant sleeping policies.
