- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Jennifer Gwyin has been a registered provider since June of 2008. Jennifer is currently a category "C2" Child Development Home Provider. Her co-provider is Ann Lopez. This category allows them to have 14 preschool children in care with an additional 2 school aged children for a total of 16 children in care at one time when both providers are present. If one provider is present 8 children can be in care at one time. There is one pet dog in the home. Jennifer's availability for care is Monday through Friday from 6:30am to 5:30pm.

2. Identify Observed Strengths Of The Program

Jennifer and Ann are experienced childcare providers. The home has dedicated spaces which are furnished with children's furniture, toys, books, and cribs. There are toys and objects which encourage children to develop large and small motor skills. The providers follow a structured routine which children can predict their environment and activities. The children have group activities, free-play, and access to media. There is a fenced backyard. The backyard is furnished with playground equipment encouraging large and small motor skill development. Both providers are current with their required trainings as reviewed by the Registration Unit. Both providers have completed Safe Sleep training, and this worker reviewed the policy with them. Both providers implement the practice when there are children 12 months or younger in their care. The program uses redirection as the primary behavioral interventions when needed. Corporal punishment is not practiced in the Child Development Home. Children in program's care receive regular meals and snacks. The program participates with the Food Program. The program's provider file and individual child's files are complete, organized, and easily accessible.

3. Identify The Aspects That Fall Below The Standard

The program met all expectations of the yearly compliance check.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

None.

5. Special Notes/recommendations

I encourage you to work with your Child Resource and Referral Worker (Brittany Wyld 515-202-7122) with any compliance or training efforts.

The Emergency Preparedness Plan meets Targeted Expectations.
