Program Population Served:

- [ ] Infant(0<24 mos)
- [ ] Toddler
- [ ] PreSchool
- [ ] School Age
- [X] All Ages

CHILD CARE ANNUAL EVALUATION

1. Basic Overview

I conducted a compliance visit with Registered Child Development Home Category B provider Jennifer Conover on 6/12/2026. Jennifer has been involved with child care for 26 years. She continues using the main floor only of her 2 story home. The primary child care space is the two main rooms with some access to the kitchen. She had 10 present during our visit and has 13 total in care at this time. (Some are part time.) Jennifer has one HHS-approved substitute and 4 HHS-approved assistants that she uses especially in the summer with school age kids present. Jennifer uses her mostly fenced side yard as an outside play area. She is due to renew her registration effective 1/31/2028.

2. Identify Observed Strengths Of The Program

Jennifer tries to help the community staying relatively full due to there not being many registered providers in the area. She has many years of experience. Jennifer described her primary strength as being patient with the children. The assistant present during our visit also attended when she was a child. She talked about Jennifer's ability to develop and maintain relationships with the parents and families of the children. The assistant was reading to all of the children while Jennifer and I were looking at files. Jennifer describes her curriculum as mostly "Play to Learn" which includes a lot of free play and outside time. The children participate in traditional activities such as coloring and reading throughout the week.

3. Identify The Aspects That Fall Below The Standard

110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.
110.9 (4) g : A signed and dated immunization certificate provided by the state Department of Public Health.
- Jennifer needs to obtain a current physical and immunization report for several of her children's files. These need to be in place by 8/31/2026 and will be reviewed during her next visit.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

N/A

5. Special Notes/recommendations

The 2026 targeted compliance for the Emergency Preparedness Plan was conducted. Jennifer was in compliance having a plan consistent with her current operation.

I encourage Jennifer to work with Katie Cruise from Child Care Resource and Referral with any ongoing compliance or training needs.
Katie can be reached at: (319) 530-5265

Jennifer currently cares for one infant under 12 months of age who was not present during my visit. We reviewed safe infant sleeping policies.
