CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Joann Weh is a CDH Category A provider, living in Altoona. She has been a registered daycare provider since 2025. Joann lives in a 2 story house but only uses the basement area for her child care operation. Joann currently watches children ages newborn to 2 1/2 years old.

2. Identify Observed Strengths Of The Program

Joann Weh was organized for our compliance check. At the time of my compliance visit, 3 children were present ranging in ages 1 years old to 2 years old. Joann participates in the food program. She uses redirection and timeout, if needed for discipline. Joann said the daycare children like to play with toys, sing, dance, read books, go on walks and play outside. Jonan uses brightwheel app for communication with parents. We reviewed all safe sleep regulations. Joann has cribs for infants under the age of 1 years old to sleep in.

3. Identify The Aspects That Fall Below The Standard

110.9 (4) c : A signed medical consent from the parent authorizing emergency treatment.
110.9 (4) e : For infants and preschoolers: A statement of health signed by a physician submitted annually.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. A signed medical consent from the parent authorizing emergency treatment needs put in each daycare childs file.
2. A physical needs updated yearly for daycare children.

5. Special Notes/recommendations

I encourage you to continue working with Heather Sheesley from Child Care Resource and Referral for any ongoing compliance or training needs. Heather can be reached at: (515) 360-7308.

Emergency preparedness plan met targeted expectations.

HHS Child Development
