CHILD CARE ANNUAL EVALUATION

1. Basic Overview

Kasee Jones is a CDH Category B provider, living in Bondurant. She has been a registered daycare provider since 2022. Kasee lives in a ranch style house but only uses the basement area for her child care operation. Her basement has an egress window with permanent steps leading up to it. Kasee had 5 children present when I arrived ages 11 months to 3 years old.

2. Identify Observed Strengths Of The Program

Kasee was organized for our compliance check. She was able to locate trainings for me and provide care all of the daycare children. Kasee participates in the food program. Kasee has the children color, count, work on their ABC's, sing and play outside. When I arrived the children were playing outside. Kasee has a large fenced in backyard. Kasee has completed all of the training to be a category B child care provider.

3. Identify The Aspects That Fall Below The Standard

Each smoke detector has been installed according to manufacturer’s recommendations.

4. Any corrective action plans, provisional license, and safety plans-steps to get into compliance

1. Please ensure smoke detectors are hung properly in every child care occupied room.
